

Role: Plant and Service Technician
Location: GWP Packaging (Cricklade)
Ref: GWP23

Company Background

GWP Packaging is a core part of the GWP Group based in Wiltshire. At our plant near Swindon we design & manufacture bespoke corrugated packaging solutions for leading industrial and consumer companies.

Job Description

We are looking to recruit a Plant and Service Technician to support the Maintenance Manager. You will play a key role to support the maintenance department working on your own and as part of a small team in maintaining all equipment, services.

Ideally the right candidate will have an electrical bias with the ability to understand, test and inspect electrical installations. Emphasis will also be focused on Planned Preventative Maintenance so the right candidate will be required to help facilitate the implementation of ongoing maintenance schedules.

The duties will include maintenance, modification & installation of plant, services and facility's across the three sites within the GWP group. Where breakdowns occur you will be required to review the situation, look to analyze the cause, plan the repair to minimize downtime, monitor and report actions taken.

Flexibility is key to this role as you will be required to travel between our Wiltshire sites to support the business requirements. You own transport and a clean license is essential.

The hours for this position are 07:30 to 16:00 Monday to Friday but flexibility is key to this role.

The right candidate will also possess a high level of communication and interpersonal skills and time management skills.

Qualification/experience required:

Time served

Electrical, 17th edition and C&G guilds qualification

Mechanical experience/qualification

Previous experience within manufacturing

Welding/fabrication

Machining (turning)

If you think you have the skills we are looking for please send your CV and application quoting above reference number to:
